Showy, palm-like plants that are well adapted for decorating the lawn and porch in summer. 4 and 5 inch pots 12 to 15 inches high \$3.00 per doz.

GOLIATH.

BEGONIAS.

(FLOWERING VARIETIES.)

- Goliath.** A remarkably strong grower, of fine branching habit, making large showy plants 2½ to 3 feet high in a single season. Leaves large, round, glossy green, slightly serrated. Flowers in large clusters on stiff stems. Color rosy white. \$10.00 per 100.
- Argentæa Guttata.** Purple bronze leaves, with silver markings, flowers white. \$4.00 per 100.

Haageana Erecta. Of strong erect habit, making very symmetrical plants that are in flower the year round; foliage large, bronzy green on upper side and red below. Flowers very large, creamy white, tinted pink. \$1.00 per doz.

Mme. Lionnet. Beautiful rosy bronze foliage, the brightest of all the dark leaved varieties. \$1.00 per doz.

Mastodonte. A very strong growing variety of the Gigantea Rosea type; flower large on long, rigid stems; color a delicate tender rose. Makes a fine large specimen plant for decoration. \$10.00 per 100.

Otto Hacker. Plant a strong, vigorous grower, of stiff, upright habit, with large shining deep green leaves. The flowers are borne in immense pendant clusters 8 to 10 inches across. Color, a beautiful bright coral red. \$6.00 per 100.

Cuprea. Beautiful dark, green velvety foliage. Flowers rosy white. \$4.00 per 100.

Erfordia. One of the most prolific bloomers, continually covered with clusters of its delicate rosy salmon flowers. \$3.00 per 100.

Flambeau. Plant a dwarf compact grower with glossy deep green foliage slightly ruffled and toothed on edge. Exceedingly free flowering, color deep rosy pink, changing to delicate light pink. \$1.00 per doz.

Gilsoni. A strong upright grower. Large racemes of double, rosy white flowers. \$6.00 per 100.

Glaucophylla Scandens. Beautiful clusters of rich salmon-colored flowers from the axil of each leaf. Its drooping habit makes it a very desirable plant for hanging baskets. 75c. per doz.

Purity. The most prolific bloomer of all the white Begonias, being a mass of bloom both summer and winter. \$4.00 per 100.

President Carnot. A remarkable strong growing variety, of stiff, upright habit; foliage very large, \$6.00 per 100.

Rubra. Flowers rich coral red, in large pendant panicles. One of the best, \$4.00 per 100.

NEW CARNATIONS FOR 1899.

ROOTED CUTTINGS. INTRODUCERS' DESCRIPTIONS.

America.—(Hill). Color, pure, light scarlet, of soft, even shade; this variety has been and still is in perfect health; we have never seen rust, sport nor stem-rot attack it; it is a vigorous grower with nice grass of medium weight. The flower is of large size, nicely filled but not crowded with petals; it has a very strong calyx, a perfectly upright stem, of 20 to 24 inches height; it is early coming into bloom, and its strongest points are its freedom, large size and easy culture. \$2.00 per doz., \$10 per 100.

G. H. Crane.—(Domer). The coming scarlet carnation. Tested three years and has proven to stand preeminent as a commercial carnation. With quality as a foremost feature quantity is not lacking. An early, continuous, all season bloomer; average three inch blooms, well formed flower and calyx, sixteen to eighteen inch stem, stiff and erect throughout the whole season. Color, a clear brilliant scarlet. Strong, robust, clean growth and well formed bushy plants. Easy to lift and quickly established. A wonderful productive carnation that we recommend to every grower. Certificate and silver medal at Chicago and certificate at Indianapolis, November, 1898. \$2.00 per doz; \$10.00 per 100.

General Maceo. (Ward). Very full, deeply fringed flower, $2\frac{1}{2}$ to $2\frac{3}{4}$ inches in diameter on stiff wiry stems. Ground color, deep, brilliant scarlet heavily overlaid with maroon, fully as rich and striking as the Meteor Rose. Habit erect, stiff, wiry, of the McGowan type, but with stiffer, stronger stems; a very profuse bloomer and an excellent keeper. \$2.00 per doz.; \$10.00 per 100.

General Gomez. (Ward). Brilliant cardinal maroon $2\frac{1}{2}$ to $2\frac{3}{4}$ inches in diameter. Fine stems 16 to 24 inches long. Strong, vigorous, very healthy habit. Blooms fully as freely as Portia; resembles Scott in habit and seems to have fully as good a constitution as that variety. Calyx is strong and not at all inclined to burst. Flower is full and well fringed, and of a very pleasing form; good fragrance. Produces cuttings as abundantly as Scott and strike as readily as McGowan. \$2.00 per doz.; \$10.00 per 100.

CARNATIONS.

Genesee. Cross between Daybreak and Lizzie McGowan. Has the compact upright habit of McGowan, with the strong foliage and stems of Daybreak. An excellent commercial white. Blooms freely and evenly all through the season on long upright stems.

Daybreak. Delicate salmon flesh.

Flora Hill. Flowers of enormous size, of nice rounded form, highly clove scented, all on very long stems. The finest white to date.

Lizzie McGowan. Pure white.

Mrs. S. A. Northway. Soft shell pink, shading to flesh, white at edge of petals.

New York. Bright cerise pink, resembling Bridesmaid. Strong, vigorous habit. \$4.00 per 100.

Painted Lady. Large, full flower, with stiff stems and perfect calyx. Color, brilliant cherry pink. \$4.00 per 100.

Portia. Bright scarlet, medium sized flowers, produced very freely.

Puritan. Large, pure white.

Peachblow. Deep satiny pink.

Rose Queen. Soft pure rose.

Triumph. Pure bright pink, extra large. A fine grower with long stiff stems. Calyx does not burst. \$4.00 per 100.

Victor. Bright salmon-pink, sport of Daybreak; a popular variety in many sections.

White Cloud. A cross between Daybreak and E. A. Wood. Strong growth, free blooming, from early to late; long, strong stems. Has proven itself one of the best whites. \$5.00 per 100.

Wm. Scott. Light pink.

UNLESS NOTED, \$3.00 FOR 100.

CANNAS.

SELECT LIST OF NEWER VARIETIES.

President Cleveland. A strong, healthy grower, four feet high with an abundance of glossy deep green foliage and a most prolific and constant bloomer, being a mass of bright rich scarlet from early to late. The flowers are of immense size, often $4\frac{1}{2}$ to 5 inches across, with heavy, broad overlapping petals, borne in monstrous trusses. The color is an intense bright orange scarlet. For producing a mass of deep glowing color no other Canna will compare with it. \$10.00 per 100.

Duke of Marlborough. A superb variety with dark velvety crimson maroon flowers, the darkest of all Cannas. A sturdy erect grower, with bluish metallic green foliage; fine large compact truss. \$10.00 per 100.

Duchess of Marlborough. A pure clear pink. Fine large flowers four inches and over across. Plant grows four to five feet high, with fine large foliage; entirely distinct from any other variety and adds a new color to this useful class of bedding plants. \$8.00 per 100.

Defender. Clear yellow, heavily spotted scarlet. An early and very profuse bloomer, producing fine large heads of broad petaled flowers. \$10.00 per 100.

President McKinley. Fine clear crimson, with scarlet shading. Blooms in large, even trusses, carried well above the foliage. The flower spikes are produced evenly, making a shapely, compact plant. The plant is dwarf in habit, growing but $2\frac{1}{2}$ to 3 feet even in rich soil; foliage rich green with chocolate margin. \$12.00 per 100.

Harrytown. An ideal bedding Canna; color, bright cherry red. It is dwarf yet very vigorous in growth, with fine healthy foliage. The flowers come in immense even trusses and last in good condition for weeks. A beautiful, bright colored, distinct variety. \$10.00 per 100.

Yellow Crozy. A free flowering, dwarf compact growing, clean yellow Canna. The variety stands strong sunshine and rain much better than many of the yellow sorts and is so dwarf and free flowering that it will become almost indispensable for masses. \$15.00 per 100.

PRESIDENT CLEVELAND.

Sam Trelease. The flower opens up flat, with broad, thick petals, making a perfect-shaped, well rounded bloom. In color it is the nearest to pure scarlet of any Canna yet introduced. The edges and center are bright yellow, marked much in the same manner as Mad. Crozy, but much more brilliant. Very free flowering. \$2.00 per doz.

GENERAL COLLECTION OF LARGE FLOWERED DWARF CANNAS.

Admiral Avellan. One of the best of the dark leaved varieties and a decided advancement in this section. Color rich orange scarlet, overlaid with salmon, giving the whole flower a rich luminous appearance. 100 for \$4.00.

Alphonse Bouvier. Begins to bloom very early and is one continuous mass of crimson the entire season. 100 for \$2.50. \$20.00 per 1,000.

Alsace. In this variety we have the nearest approach to a pure white Canna. A grand variety for contrasting with darker colored sorts. \$4.00 per 100.

Acme. A fine yellow with broad overlapping petals and splendid trusses of large flowers. \$4.00 per 100.

Beauty of Poitevine. Bright rich crimson, with erect flower spikes, growing 3 to 3½ feet high. It comes into bloom very early and flowers continually throughout the season. \$8.00 per 100.

Charles Henderson. Bright crimson; this is one of the very handsomest varieties, and where a mass of bright crimson is wanted we know of nothing better. \$2.50 per 100; \$20.00 per 1,000.

Col. Dodds. Rich velvety red. \$6.00 for 100.

Chicago. Grand vermilion scarlet; flowers very large and flat, petals broad and five in number, composing a magnificent flower in a very large truss; erect in growth; foliage bright green. 100 for \$4.00.

E. G. Hill. Clear scarlet marbled with carmine. \$4.00 per 100.

François Crozy. Bright orange, bordered with a narrow edge of gold. \$2.50 per 100.

Florence Vaughan. The finest variety of its color; flowers very large, of the most perfect form, with broad overlapping petals, nicely rounded at the ends. Color brilliant yellow, spotted with bright red. 100 for \$4.00. \$30.00 per 1,000.

Geoffrey St. Hilaire. Rich bronzy purple foliage, flowers rich glowing scarlet overlaid with orange. \$3.00 per 100.

J. D. Cabos. Dark greenish maroon foliage, with a bronze, metallic luster; flowers bright orange or apricot, sometimes brightened with a pinkish tinge. \$5.00 per 100.

L. E. Bally. Light canary yellow, spotted with orange. \$3.00 per 100.

Mrs. Fairman Rogers. One of the finest of all the gilt-edged varieties and a splendid bedder of the Mad. Crozy type, in fact it might be called an improved Mad. Crozy; clear crimson scarlet, each petal banded clear canary yellow; a fine rounded flower in a large dense truss. \$3.00 per 100. \$25.00 per 1,000.

Mad. Alphonse Bouvier. Color light, bright scarlet, laced on the edge with gold, and also marked in the throat of the flower. \$4.00 per 100.

Mad. Crozy. Flowers of a dazzling crimson scarlet, bordered with golden yellow. Remarkably free flowering. 100 for \$3.00. \$25.00 per 1,000.

Octave Mirbeau. Flower large, with broad petals. Color deep scarlet, marbled with orange. \$4.00 per 100.

Philadelphia. An ideal bedding variety of medium height, an early and constant bloomer. It has the habit to a remarkable degree of shedding its old flowers as soon as withered, leaving the fresh blossoms to shine out clear and bright at all times; color a deep glowing red, very rich and velvety. 100 for \$8.00.

Papa Canna. Very free flowering, producing a mass of bloom in immense sized spikes. Color pure red; a sturdy dwarf grower, 3 to 3½ feet. 100 for \$4.00.

Progression. Deep golden yellow, heavily spotted and splashed crimson. A continuous bloomer. \$3.00 per 100.

President Carnot. Orange scarlet, slightly shaded pink. Foliage deep chocolate maroon, one of the best of the dark leaved sorts. 100 for \$4.00.

Queen Charlotte. The flowers, which are very large with broad rounded petals slightly recurved, are borne in immense heads well above the foliage, and are most striking in color—a bright orange scarlet, deeply edged with bright canary yellow. 100 for \$3.00.

Robt. Christie. Brilliant orange scarlet. This is a particularly strong grower, throwing up tremendous heads of bloom, and an exceptionally free bloomer. Grown along side of some of the freest bloomers of the older varieties it showed nearly twice as much flower. \$10.00 per 100.

Sophie Buchner. Flowers very large, in close compact trusses. Deep crimson with vermilion shadings. \$3.00 per 100.

Sunbeams. Plant remarkably dwarf and compact; flowers very large, color bright golden yellow, very faintly marked orange. \$4.00 per 100.

Souvenir Antoine Crozy. A magnificent gilt-edged variety. The flowers are very large, of the most intense scarlet crimson, bordered with a broad band of rich golden yellow; trusses large and erect, carrying an immense number of large flowers. Very free bloomer. \$4.00 per 100.

GIANT ORCHID FLOWERED CANNAS.

Growth very strong with handsome large musa-like foliage. The flowers are distinct in shape from all other Cannas, having a short throat and spread out into a flat bloom 6 to 7 inches across. The petals are very broad and finely ruffled.

Austria. Remarkable for its sturdy, rank, growth, forming massive clumps six to seven feet high, covered from the ground up with large deep green musa-like foliage surmounted by tall spikes of golden yellow flowers standing upright like immense lilies. \$2.50 per 100.

Italia. Bright orange scarlet with a very broad golden yellow border, a beautiful large flower with nicely ruffled petals. It is a remarkably strong grower with large, heavy foliage. \$5.00 per 100.

Burbank. Plant a very strong grower, five to six feet high with leaves of a texture like rubber; flowers of gigantic size. Color, rich canary with a few carmine spots in throat. \$4.00 per 100.

America. The first of this class with bronze foliage; it has beautiful glossy leaves that shine as if varnished, color dark purplish maroon with a glossy metallic luster. Flowers very large, deep orange red, flamed and striped with deeper shades, entirely distinct both in flower and foliage from any other Canna. \$8.00 per 100.

NEW CHRYSANTHEMUMS FOR 1899.

READY MARCH 1st.

Kuno. (Mme. F. Bergman x J. E. Lager). In form and habit intermediate between the two parents; strap petal, more loosely arranged than those of Bergman. Good stem and foliage. White; five inches in diameter; fully developed Oct. 11; 3 feet. Certificated by C. S. A. 50c each, \$5.00 per doz.

Nagoya. (Modesto x Western King). A Japanese of reflexed form; clear bright yellow as pure as that of Modesto. Fine stem and foliage. Cut Nov. 24, a date when good yellows are very scarce. 4½ feet. Certificated by C. S. A. 50c. each, \$5.00 per doz.

Xeno. (Nerula x Mme. F. Perrin). A very late bright pink of the Japanese incurved type; possessing the fine foliage and habits of its parents. In color similar to Perrin, but larger and perfectly double. Cut Nov. 24; 3 feet. Certificated by C. S. A. 50c. each, \$5.00 per doz.

Mrs. Baer. A golden yellow sport from Mrs. Jerome Jones; this variety ought to need nothing more to describe or recommend it than the above. Blooms were shown before the N. C. S. committee by Mr. Heck of Reading, Pa., in Nov. '97 and scored 90 points: for a late midseason yellow it will have no rival. 25c. each; \$20.00 per 100.

Phenomenal. (Hill). Received certificate from N. C. S., Nov., 1898. Height 4½ feet, a free, easy grower with beautiful foliage; quite up to the flower, which is of the largest size, quite globular, petals broad, long and incurving, the color is buff shaded darker. A fine variety in general make up, and of most pleasing color; quite up to exhibition standard. 35c. each; \$25.00 per 100.

CHRYSANTHEMUMS.

OUR SELECTION OF RECENT INTRODUCTIONS.

Autumn Glory. A grand commercial pink, and unsurpassed as an exhibition variety. There is nothing like it in color, which is a deep reddish salmon upon opening, and gradually changes to a soft shrimp pink when fully finished. A very easy doer; has no troublesome peculiarities.

Black Hawk. The largest and most beautiful dark crimson scarlet yet introduced. Looks like crimson velvet; the very shade so much desired in chrysanthemums. Flowers of immense size on fine stiff stems.

Boundless Snow. Requires no staking, very large and of Inter Ocean type; color, white flushed pink, gradually becoming pure white. Comes in about same date as Mrs. Robinson.

Frank Hardy. An ideal white flower of great depth; of the incurved petal Japanese type. A remarkable strong healthy grower. Very highly praised wherever it has been exhibited. Good keeper and shipper; excellent cut-flower and exhibition white.

Mrs. C. H. Peirce. A splendid soft deep yellow that becomes a favorite at once. The flowers are large and full, of fine globular form, equal to the favorite Major Bonaffon.

Mrs. H. Weeks. An immense flower, with broad petals incurving to form a perfect globe of white. This is a grand variety, which has made a sensation wherever exhibited. The plant is an excellent grower, producing long stiff stems.

Mrs. John Glessner. A bright yellow, entirely distinct from all others. The petals are broad, and in the fully matured flower turn backward and twist in all directions, giving the flower a very unique and attractive appearance.

Merry Christmas. One of the best and latest of all white chrysanthemums; good stiff stems, a well formed flower of great substance, full to the center. The latest of all chrysanthemums, being at its best from Dec. 20 to January 1.

Mrs. Martin Ryerson. This is an excellent variety, pronounced one of the best white chrysanthemums grown. The petals are narrow and incurved, forming a solid and deep flower, entirely distinct in form.

Merza. (Jap. Inc.) In habit more dwarf than Ivory, yet in no way weak in constitution, producing pure white flowers of the largest size, which rest upon its foliage. For single stem pot plants this will make a record breaker.

Quito. Very valuable as a late dwarf pink; foliage carried close up to the flower; the color is deep pink within, lighter pink without. In form and style much like Maud Dean.

Snow Queen. One of the best of the many good white varieties. The flower is snow-white, large and full to the center; petals pointed, slightly curved. An excellent strong stem with foliage clear up to the flower.

Solar Queen. Valuable as an early yellow; color golden yellow, shading lighter; flower of extra size, averaging 10 inches across. Plant heavily foliated from the ground up to the flower.

Sunstone. A strong growing, large flowered variety. Bright yellow, shading to red at the base of petals; reverse of petals light buff. Very desirable because of its robust constitution.

Silver Cloud. Beautiful, plummy, full flowers; white, suffused with delicate salmon toward the center. Very attractive.

Thornden. (Jap.) A bright yellow under all conditions, even surpassing Modesto in this respect. Height, 3 feet, short stout stem, form reflexed with center petals somewhat erect; color, the most intense yellow we have seen.
